## YOU ARE THE CHAMPION

### MISSION

Our mission is to inspire an early love of sports and fitness that will help in creating foundation of healthy life of a child. We believe in providing and creating new opportunities in health and sports activities, by promoting child's talent at a unique sports platform.

### VISION

We buckle up with strong vision to make physical education accessible to each and every child. Furthermore through our scientific and structured curriculum and certified trainers, the framework to enhance child's positive growth, leadership skills, life skills and a ability to deal adversity is keenly provided.

### Our Core Values

Our strong belief is in making Physical Education a backbone and inspire early love of the children for sports ethics which will lead to integrity and strong positive outcome. We took a step to make child's early love of sports more powerful and make child a future leader.

## WE ARE DEDICATED TO IMPROVE THE HEALTH & WELLBEING OF CHILDREN THROUGH PHYSICAL ACTIVITIES

*We inspire youngster's for early love for sports. With correct seeding child not only improve their physical abilities but also improve their focus on studies. We stabilize the mental and physical health of child by making personal plan for every unique child. Every, child loves to play but don't have a direction, we provide specific direction to the child according to their performance which we maintain periodically.*

The best way to build a foundation for sports among children is simply engaging them in Social-Emotional development programs. Here, children can understand social-emotional life skills and learn the art of teamwork, sportsmanship and leadership skills.

Every child is unique so is their sports liking. Our advance talent development program will guide students to acquire new techniques in collaboration with their current skills set as per their area of interest.

## SPORTS PLAN

### Curriculum

As a part of research and development our R & D team monitors the child's growth and development and from this we have plan our own activity-based sports curriculum, to nurture the children with the basic and advanced requirements of sports.

### Props

Every activity where the children are engaged needs to be exciting and fun-filled, for the same Sports Champ provides a set of all age-appropriate props to the school to ease the execution of the curriculum.

### Health Assessment

Assessment is an important part for understanding the child's needs and development so far. With the help of an assessment tool Play + Sports Champ assesses the children and provides individual health cards to the children.

### Trainers

A trainer is the sole responsible person for engaging the children and developing their interest in sports. Trained resources are the key performer in delivering the quality of basic and advanced activities as well as sports skills.
